SECTION SF 30 BLOCK 14 CONTINUATION PAGE

SUMMARY OF CHANGES

SECTION SF 30 - BLOCK 14 CONTINUATION PAGE

The following have been added by full text:

AMENDMENT TWO

The following changes shall be made to the specifications, plans and reports. Questions and answers are included and WEB posted reports is added to this amendment.

1-BID SCHEDULESection 00010 Solicitation Contract Form

1. On Page 8 of 103 – Item No. 0001AQ – Change the description to read “Hay Bale Sediment Barrier”
2. On Page 18 of 103 – Item No. 0002AL – Change the unit of measure to “Cubic Yard”.
3. On Page 19 of 103 – Item No. 0002AP – Change the unit of measure to “Square Yard”
4. On Page 20 of 103 – Item No. 0002AS – Change the description to read “Hay Bale Sediment Barrier”
5. Delete the notes at end of price Schedule and replace with revised notes below

“NOTES FOR PRICE SCHEDULE:

1. Bidders are required to bid on both the Base Bid Items and the Optional Items on the Price Schedule or their bid will be rejected.
2. The low bidder for the purpose of award will be the conforming responsible bidder offering the lowest amount for the Total Base Bid & Optional Items.
3. Any bid which is materially unbalanced as to the price for the Base Bid Items and Optional Items may be rejected. An unbalanced bid is one that is based on price significantly less than the cost for some work and prices are significantly overstated for other work.
4. Bidders are reminded that they must bid on the issued plans and specifications as amended. Any deviations, conditions or attachments made by the bidders thereto may render the bid non-responsive and be cause for its rejection.
5. The Optional Items **0002AA – 0002BL**, if awarded, may be awarded within 90 calendar days from date of issuance of Notice to Proceed. The Government is under no obligation to award any Optional Item. **“If the award of Optional Items 0002AA – 0002BL does not occur prior to Notice to Proceed or within 30 days of Notice to Proceed, 260 calendar days will be added to the completion date of the contract to accomplish the work covered by the Optional Items.**
6. The Optional Item 0003, if awarded, may be awarded within 45 calendar days from date of issuance of Notice to Proceed. The Government is under no obligation to award any Optional Item. Optional Item 0003 amount represents the maximum that the Contractor shall be reimbursed after all the supporting documents are submitted; refer to Section 00800.
7. Expanded item descriptions above are for information only. Measurement and payment sections of the specifications govern.
8. The numbers of plants and/or plugs for the vegetative species within the various planting zones are given on the planting tables. The planting table for Area A is on Sheet 40 (reference number L101 and 107) in the plan set.
9. The numbers of plants and/or plugs for the vegetative species within the various planting zones are given

on the planting tables. The planting table for Area B is on Sheet **45** (reference number L106 and 107) in the plan set”.

2-SPECIFICATIONS:

Section 00800 Special Contract Requirements:

1. Add the following new paragraph at the end of the section:

“53. Additional Utility Requirements

The Contractor is advised that there are two petroleum pipelines that are adjacent to, or cross the project site. Information on the crossing of the petroleum pipelines is presented on Sheet C-501 and supplemented by the following attached documents:

1. Sunoco Logistics “General Restrictions” with a SPLP file reference number for this project of 20051006.
2. Colonial Pipeline Company “Contractor Excavation Handout”.

Note that it is the Contractors sole responsibility to notify the NJ One Call Number and to contact Sunoco Logistics and Colonial Pipeline Company prior to crossing or entering the their Rights of Way.”

Section 01570 Access Roads and Staging Area:

1. On Page 1 in Subpart 1.2 Measurement –
 - a. In the first paragraph change “0002AP” to “0002AQ”.
 - b. In the second paragraph change “0001AS” to “0001AT” and “0002AV” to “0002AW”.
 - c. In the third paragraph change “0001AV” to “0001AW” and “0002AY” to “0002AZ”.
 - d. After the third paragraph add the following:
“Clearing, grading and placement of geotextile and coarse aggregate for the replacement storage area adjacent to the Seventh Avenue site access will not be measured for payment and is to be included in the work of Item No. 0001AD.”
2. On Page 2 in Subpart 1.3 Payment –
 - a. In the first paragraph change “0002AP” to “0002AQ”.
 - b. In the second paragraph change “0001AS” to “0001AT” and “0002AV” to “0002AW”.
 - c. In the third paragraph change “0001AV” to “0001AW” and “0002AY” to “0002AZ”.
 - d. After the third paragraph add the following:
“No separate payment for clearing, grading and placement of geotextile and coarse aggregate for the replacement storage area adjacent to the Seventh Avenue site access will be made, payment will be included in the work of Item No. 0001AD.”

Section 02231 Clearing and Grubbing:

1. Add the following after the last sentence in Subpart 3.3 Disposal of Materials:
“Cleared vegetation is to be chipped and/or shredded and may be disposed of on site within the South and North Placement areas and completely encapsulated under subsequent fill placement.”

Section 02300 Earthwork:

1. On Page 1 in Subpart 1.3 Measurement – In the first paragraph change “0002AP” to “0002AQ”.

Section 02367 Anti-Tracking Pad:

1. On Page 1 in Subpart 1.2 Measurement – In the first paragraph change “0002AO” to “0002AP”.
2. On Page 1 in Subpart 1.3 Payment – In 1.3.1 change “0002AO” to “0002AP”.

Section 02368 Silt Fence:

1. On Page 2 in Subpart 1.3 Measurement – In the first paragraph change “0002AP” to “0002AQ”.
2. On Page 1 in Subpart 1.4 Payment – In 1.4.1 change “0002AP” to “0002AQ”.

Section 02369 Other Soil Erosion Control Measures:

1. On Page 1 in Subpart 1.2 Measurement –
 - a. In 1.2.1 Floating Turbidity Barrier – In the first paragraph change “0001AO” to “0001AP” and “0002AQ” to “0002AR”.
 - b. In 1.2.2 Hay Bale Sediment Barriers – In the first paragraph change “0001AP” to “0001AQ” and “0002AR” to “0002AS”.
2. On Page 1 in Subpart 1.3 Payment –
 - a. In 1.3.1 change “0002AQ” to “0002AR”.
 - b. In 1.3.2 change “0001AP” to “0001AQ” and “0002AR” to “0002AS”.

Section 02630 Stone Pocket Drains:

1. On Page 1 in Subpart 1.3 Measurement – In 1.3.1 change “0001AQ” to “0001AR” and “0002AS” to “0002AT”.

Section 02722 Graded Crushed Aggregate Base Course:

1. On Page 2 in Subpart 1.3 Measurement – In the first paragraph change “0001AR” to “0001AS” and “0002AU” to “0002AV”.
2. On Page 1 in Subpart 1.4 Payment – In the first paragraph change “0001AR” to “0001AS” and “0002AU” to “0002AV”.

Section 02731 Aggregate Surface Course:

1. On Page 2 in Subpart 1.3 Measurement –
 - a. In the second paragraph change “0002AO” to “0002AP”.
 - b. In 1.3.1 change “0002AT” to “0002AU”
2. On Page 2 in Subpart 1.4 Payment –
 - a. In the second paragraph change “0002AO” to “0002AP”.
 - b. In 1.4.1 change “0002AT” to “0002AU”

Section 02771 Restoration of Street Pavement:

1. On Page 1 in Subpart 1.2 Measurement and Payment – In 1.2.1 change “0001AR” to “0001AS” and “0002AU” to “0002AV”.

Section 02821A Fencing:

1. On Pages 1 and 2 in Subpart 1.3 Measurement –
 - a. In 1.3.1 change “0001AS” to “0001AT” and “0002AV” to “0002AW”.
 - b. In 1.3.2 change “0001AT” to “0001AU” and “0002AW” to “0002AX”.
 - c. In 1.3.3 change “0001AU” to “0001AV” and “0002AX” to “0002AY”.
 - d. In 1.3.4 change “0001AV” to “0001AW” and “0002AY” to “0002AZ”.
2. On Page 2 in Subpart 1.4 Payment –
 - a. In 1.4.1 change “0001AS” to “0001AT” and “0002AV” to “0002AW”.
 - b. In 1.4.2 change “0001AT” to “0001AU” and “0002AW” to “0002AX”.
 - c. In 1.4.3 change “0001AU” to “0001AV” and “0002AX” to “0002AY”.
 - d. In 1.4.4 change “0001AV” to “0001AW” and “0002AY” to “0002AZ”.

Section 02921 Seeding:

1. On Page 1 in Subpart 1.3 Measurement – In first paragraph change “0001AW” to “0001AX” and “0002AZ” to “0002BA”.
2. On Page 2 in Subpart 1.4 Payment – In 1.4.1 change “0001AW” to “0001AX” and “0002AZ” to “0002BA”.

Section 02930 Exterior Plants:

1. On Pages 1, 2 and 3 in Subpart 1.3 Measurement –
 - a. In the first paragraph change “0001AT” to “0001AU” and “0002AW” to “0002AX”.
 - b. In 1.3.1 change “0001AX” to “0001AY”.
 - c. In 1.3.2 change “0001AY” to “0001AZ” and “0002BA” to “0002BB”.
 - d. In 1.3.3 change “0001AZ” to “0001BA” and “0002BB” to “0002BC”.
 - e. In 1.3.4 change “0001BA” to “0001BB” and “0002BC” to “0002BD”.
 - f. In 1.3.5 change “0001BB” to “0001BC” and “0002BD” to “0002BE”.
 - g. In 1.3.6 change “0001BC” to “0001BD” and “0002BE” to “0002BF”.
 - h. In 1.3.7 change “0001BD” to “0001BE” and “0002BF” to “0002BG”.
 - i. In 1.3.8 change “0001BE” to “0001BF” and “0002BG” to “0002BH”.
 - j. In 1.3.9 change “0001BF” to “0001BG” and “0002BH” to “0002BJ”.
 - k. In 1.3.10 change “0001BG” to “0001BH” and “0002BJ” to “0002BK”.
2. On Pages 3 and 4 in Subpart 1.4 Payment –
 - a. In the first paragraph change “0001AT” to “0001AU” and “0002AW” to “0002AX”.
 - b. In 1.4.1 change “0001AX” to “0001AY”.
 - c. In 1.4.2 change “0001AY” to “0001AZ” and “0002BA” to “0002BB”.
 - d. In 1.4.3 change “0001AZ” to “0001BA” and “0002BB” to “0002BC”.
 - e. In 1.4.4 change “0001BA” to “0001BB” and “0002BC” to “0002BD”.
 - f. In 1.4.5 change “0001BB” to “0001BC” and “0002BD” to “0002BE”.
 - g. In 1.4.6 change “0001BC” to “0001BD” and “0002BE” to “0002BF”.
 - h. In 1.4.7 change “0001BD” to “0001BE” and “0002BF” to “0002BG”.
 - i. In 1.4.8 change “0001BE” to “0001BF” and “0002BG” to “0002BH”.
 - j. In 1.4.9 change “0001BF” to “0001BG” and “0002BH” to “0002BJ”.
 - k. In 1.4.10 change “0001BG” to “0001BH” and “0002BJ” to “0002BK”.

Section 02940 Coir Fiber Matting:

1. On Page 1 in Subpart 1.3 Measurement – In first paragraph change “0001BH” to “0001BJ” and “0002BK” to “0002BL”.
2. On Page 1 in Subpart 1.4 Payment – In 1.4.1 change “0001BH” to “0001BL” and “0002BK” to “0002BL”.

2-PLANS:

The following plan sheets have been revised:

1. C-110 Sheet 12 of 50 – Added additional staging area location along Port Reading Avenue.
2. C-118 Sheet 20 of 50 – Added Clearing, grading and placement of aggregate to create a storage area to replace the area to be used for site access.
3. C-501 Sheet 35 of 50 – Added Detail for crossing of Colonial Pipeline.

4-REPORTS:

The existing lab reports and data have been placed on the NYD Website. The web URL is:

<http://www.nan.usace.army.mil/business/buslinks/contract/index.htm>

This file is for bidder's reference only, and is not to be considered as a part of the Contract Documents. Contract award will be based on what is contained in the printed Plans and Specifications in a hard copy format or Electronic Bid Set if provided. No representation is made as to availability of this data, its convertibility with user's system.

5-QUESTIONS AND ANSWERS

The following questions and answers are provided for information only. Nothing contained below amends or revises any provision of the solicitation.

The New York District has received questions about the contract

1. **Question:** On the unclassified excavation item. “Will be paid for both Cut and fill as determined by survey?” “Is there a separate calculation for the 6" stripping of existing vegetation under the fill areas?”

Answer: As stated in Section 02300 paragraph 1.2 SCOPE OF WORK, “stripping existing vegetation 6 inches deep” and “clearing debris and sediments from existing channels” should be included as part of the unit cost for Unclassified Excavation items. The areas for “stripping existing vegetation 6 inches deep” are clearly defined on the plans, so the quantity can be estimated by multiplying the total area for this task by 6 inches. Execution of these two items is described in Section 02300 paragraph 3.2 GENERAL EXCAVATION of the specifications.”

2. **Question:** Please confirm the unit of measure for unclassified excavation in Area B is cubic yards and not square yards as shown on the bid form.

Answer: See correction above for Item No. 0002AL from square yard to cubic yard

3. Question: Bid Item 0001AH Allowances Trash & Tire Disposal Fees, please provide the allowance dollar amount or quantity of trash/tires to be disposed of.

Answer: Contractor to provide reasonable dollar allowance for the disposal of two (2) 30 cubic yard roll-off containers of trash and tires collected from site.

4. Question: Please confirm that all cleared vegetation is to be incorporated into the backfill and remain on site.

Answer: Cleared vegetation is to be reduced in size and placed in the fill placement areas on site – see addition to Section 02231 above.

5. Question: Please provide more details on the construction of the boardwalk to be demolished in Bid Item 0002AG.

Answer: The boardwalk is constructed of wood and is accessible from Port Reading Avenue for inspection of the materials and type of construction.

6. Question: Unclassified Excavation - spec sect. 00010 proposal item no. 0002AL shows the unit of measurement as square yards, however spec sect 02300:1.3.1 states the unit of measurement as cubic yards.

Answer: See correction above for unit of measure for Item No. 0002AL from square yard to cubic yard.

7. Question: Anti-Tracking Pad - spec sect. 00010 proposal item no. 0002AP shows the unit of measurement as square feet, however spec sect 02367 states the item no. as 0002AO and the unit of measurement as square yards.

Answer: See correction above for unit of measure for Item No. 002AP from square feet to square yard and correction to Specification Section 02367 to correct the Item No. to 0002AP.

8. Question: Silt Fence 0002AQ and following pay items - spec sect 00010 states proposal item no. 0002AQ as Silt Fence, however spec sections 02300:1.3 and 02368: state the item no. as 0002AP. The remaining pay items in part A following silt fence 0002AQ, all also have different item nos. stated in the specifications.

Answer: See Specification Section corrections listed above to correct the Specification Sections to agree with the Solicitation Contract Form in Section 00010.

TOTAL OPTIONS CLINS 0002 (SUBCLINS 0002AA THRU 0002BL) AND CLIN:0003		\$ _____
TOTAL CLINS 0001,CLIN0002,CLIN0003 :		\$ _____

“NOTES FOR PRICE SCHEDULE:

1. Bidders are required to bid on both the Base Bid Items and the Optional Items on the Price Schedule or their bid will be rejected.
2. The low bidder for the purpose of award will be the conforming responsible bidder offering the lowest amount for the Total Base Bid & Optional Items.
3. Any bid which is materially unbalanced as to the price for the Base Bid Items and Optional Items may be rejected. An unbalanced bid is one that is based on price significantly less than the cost for some work and prices are significantly overstated for other work.
4. Bidders are reminded that they must bid on the issued plans and specifications as amended. Any deviations, conditions or attachments made by the bidders thereto may render the bid non-responsive and be cause for its rejection.
5. The Optional Items **0002AA – 0002BL**, if awarded, may be awarded within 90 calendar days from date of issuance of Notice to Proceed. The Government is under no obligation to award any Optional Item. **“If the award of Optional Items 0002AA – 0002BL does not occur prior to Notice to Proceed or within 30 days of Notice to Proceed, 260 calendar days will be added to the completion date of the contract to accomplish the work covered by the Optional Items.**
6. The Optional Item 0003, if awarded, may be awarded within 45 calendar days from date of issuance of Notice to Proceed. The Government is under no obligation to award any Optional Item. Optional Item 0003 amount represents the maximum that the Contractor shall be reimbursed after all the supporting documents are submitted; refer to Section 00800.
7. Expanded item descriptions above are for information only. Measurement and payment sections of the specifications govern.
8. The numbers of plants and/or plugs for the vegetative species within the various planting zones are given on the planting tables. The planting table for Area A is on Sheet 40 (reference number L101 and 107) in the plan set.
9. The numbers of plants and/or plugs for the vegetative species within the various planting zones are given on the planting tables. The planting table for Area B is on Sheet **45** (reference number L106 and 107) in the plan set”.

The following have been added by full text:

52.228-1 BID GUARANTEE (SEP 1996)

(a) Failure to furnish a bid guarantee in the proper form and amount, by the time set for opening of bids, may be cause for rejection of the bid.

(b) The bidder shall furnish a bid guarantee in the form of a firm commitment, e.g., bid bond supported by good and sufficient surety or sureties acceptable to the Government, postal money order, certified check, cashier's check, irrevocable letter of credit, or, under Treasury Department regulations, certain bonds or notes of the United States. The Contracting Officer will return bid guarantees, other than bid bonds, (1) to unsuccessful bidders as soon as practicable after the opening of bids, and (2) to the successful bidder upon execution of contractual documents and bonds (including any necessary coinsurance or reinsurance agreements), as required by the bid as accepted.-

(c) The amount of the bid guarantee shall be 20 percent of the bid price or \$3,000,000.00, whichever is less.-

(d) If the successful bidder, upon acceptance of its bid by the Government within the period specified for acceptance, fails to execute all contractual documents or furnish executed bond(s) within 10 days after receipt of the forms by the bidder, the Contracting Officer may terminate the contract for default.-

(e) In the event the contract is terminated for default, the bidder is liable for any cost of acquiring the work that exceeds the amount of its bid, and the bid guarantee is available to offset the difference.

(End of clause)

The following have been deleted:

52.228-1 Bid Guarantee

SEP 1996

(End of Summary of Changes)

Colonial Pipeline Company Contractor Excavation Handout

Colonial Pipeline requires contractors to give sufficient prior notice of activities on our Right Of Way, for any excavation, blasting, or any type of construction. Below is a list of requirements for crossing our Right Of Way.

No work is to be started until a Letter of Agreement is completed with the owner company.

1. Underground utilities (ie., storm drains, water lines, telephone, electric. Etc) May cross the easement, providing they maintain a minimum vertical clearance of two (2) feet over or under Colonials pipelines, and cross at or as near perpendicular angle as practical. All utility crossings of Colonial Pipelines, and respective easements must be constructed of galvanized steel, ductile iron, reinforced concrete, or concrete encased PVC for the entire width of the right of way being crossed.
2. Foreign utilities shall not be installed longitudinally within the Colonial right of way.
3. No mechanized ditching or excavation shall be allowed within Two (2) feet of the extremities of the pipelines. Any excavation within 2' shall be done by hand. The Colonial inspector has the authority to require hand excavation up to 5 feet from the pipeline. Determining when mechanical excavation can be used is based on the inspectors evaluation of the equipment operators skill. **No excavation is permitted over Colonial's pipelines or within it's easement without a Colonial representative being present.** Subgrading, grading, and the placement of fill over Colonial's pipelines will require the approval of Colonial's field representative as to method and extent.
4. If the approximate location of the pipelines is required, steel prod bars, shovels, and electrical sensing devices may be used by Colonial's field personnel only. It should be noted that these methods are only approximate and can be misleading. The exact location of the pipelines can best be found by test pitting.
5. Heavy equipment is not permitted to operate over the pipelines unless measures such as matting or earth padding have been provided to protect the pipeline from vibrating, overloading, or physical damage. All padding of pipelines will be done with the approval of the Colonial representative.

6. Blasting within the immediate vicinity of a Colonial Pipeline is not permitted until a blasting plan is submitted, and approved by the Right Of Way Coordinator. The blaster shall be responsible for all damages.
7. Only hand excavation shall be permitted within two (2) feet of any side of colonial's pipelines.
8. Excavating that might cause sloughing, sliding, or otherwise undermine the soil supporting a Colonial Pipeline, shall not be permitted, unless the party performing such excavation provides any necessary protection for Colonial's facilities.
9. Excavation or grading which might result in erosion, or which could render the right of way inaccessible, should not be permitted, unless the encroaching party agrees to restore the area and provide protection to Colonial's Pipelines. Any erosion control measures within the right of way including diversion dikes, sediment traps, silt fences gravel outlets, and emergency spillways, will require approval of the Colonial representative, as to equipment and method.
10. If the crossing is not completed in the same day, suitable protection for the exposed Pipelines must be provided.
11. Machines and equipment with booms, buckets, etc., are not permitted to operate over exposed pipeline.
12. Temporary equipment crossings over the pipelines are permitted with six (6) vertical feet of cover over the pipelines, at selected locations, as approved by Colonial's field representative. Depth of pipe as determined by test holes, will determine amount of temporary fill required. Colored sheets of plastic shall be placed under the temporary fill at original grade so that original grade will not be disturbed when temporary fill is removed. No equipment or vehicles may be parked over the pipelines.
13. Full access must be maintained to the pipelines at all times. Stockpiling of fill, including spoil, or top soil over the pipelines is not permitted.
14. No parking of equipment is allowed on Colonial's Right of Way.
15. Permanent structures are not permitted on the right of way. Manholes, junction boxes, valve boxes, fire hydrants, service meters, storm drain inlets, and utility poles are considered permanent structures.
16. Relocation or removal of Colonial's markers shall not be permitted without the approval of a Colonial representative. Pipeline markers made unusable or damaged shall be repaired or replaced at the encroaching parties expense.
17. Directional drilling is not permitted within Colonial's easements. All crossing shall be done by open cut.

18. The maximum unsupported length of any pipeline segment not containing a sleeve is 20 feet. Spanning more than 20 feet requires approval from Engineering Services

General Restrictions

Sunoco Pipeline L.P. Right-of-Way

1. Detailed plans for proposed construction must be submitted to Sunoco Pipeline L.P.'s Engineering Department for review to determine to what extent, if any, the pipeline or right-of-way will be affected by the proposed construction and/or development.
2. A driveway or roadway may cross the right-of-way and pipeline perpendicularly, but at no time will it be parallel to, over and within the right-of-way.
3. Buildings, swimming pools, sheds, decks, trees, shrubs or any obstruction of a permanent nature shall not be constructed, planted or placed within the right-of-way and easement. The width of the easements vary, but typically structures closer than (25') feet to any existing pipeline (50' easement) are not permitted. You must contact Sunoco Pipeline L.P.'s Right-of-Way Department at (610) 670-3200 to determine the easement width for a specific property.
4. Wells, leach beds, cesspools or sewer systems of any type shall not be placed within the right-of-way.
5. All underground facilities crossing the right-of-way shall cross under the existing pipeline with a minimum of one-foot clearance. This includes sewer drain lines.
6. The earth cover over the pipelines shall be maintained and never changed in any manner without the express permission of Sunoco Pipeline L.P.
7. Any parking area placed over the pipeline with permission of Sunoco Pipeline L.P. shall be subject to an amendment to agreement entered into by subject parties prior to construction of same.
8. If heavy equipment is to cross the existing pipeline for any reason, it will be necessary for the owner to provide a ramp of sufficient material to protect said pipeline. Sunoco Pipeline L.P. will make the decision as to how much fill and what other type of protective structure, if any, will be required for the ramp. Upon completion of construction and discontinuation of heavy equipment passage over the pipeline, the ramp may be removed.
9. A Sunoco Pipeline L.P. inspector must be present at the time that any work is done within Sunoco Pipeline L.P.'s right-of-way.
10. No blasting is permitted within 300 feet of the pipeline. Anything less than 300 feet must have the approval of and instruction from Sunoco Pipeline L.P.'s Engineering Department.
11. Should you have any questions or need additional information on the aforementioned Paragraphs 1 through 10, please call Sunoco Pipeline L.P.'s Right-of-Way Department at (610) 670-3200. (Call COLLECT if outside (610) area code)

12. State law requires you to contact your State One Call Center as listed below, at least two or three days in advance, as required by your state, prior to any construction activity:

- **PA One Call System (POCS) – (800) 242-1776**
- **New Jersey One Call – (800) 272-1000**
- **Dig Safely New York – (800) 962-7962**
- **Ohio Utilities Protection Service – (800) 362-2764**
- **Michigan Miss Dig Systems, Inc – (800) 482-7171**

13. In addition to the legally required notice referenced above and to schedule a pipeline inspector to witness work in the vicinity of the pipeline, please call the selected Sunoco Pipeline office below:
Note: CONTACTING SUNOCO DIRECTLY DOES NOT RELEIVE YOU OF THE LEGAL OBLIGATION TO NOTIFY YOUR STATE ONE CALL CENTER. (Please call COLLECT if outside the area code)

_____ **AKRON – (330) 374-0570**

_____ **ALTOONA/ELDORADO – (814) 947-8300**
